CUSTOM ORDERS Approximately 2 months lead time. Purchase or a custom-made event setup - confirmed in each quote.

Mirror balls & metallic spheres

A reflective feature in your chosen scale and colour. Combine multiple sizes for suspended displays, entrance features or a sculptural installation.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Weddings & celebration settings

Custom arches, hearts, bubble houses and decorative castle forms. The final design, styling and intended use are agreed for your project.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Sculptural art installations

Oversized forms, inflatable arches and reflective sculptures. Explore colour, silhouette and scale for exhibitions, festivals and statement event settings.

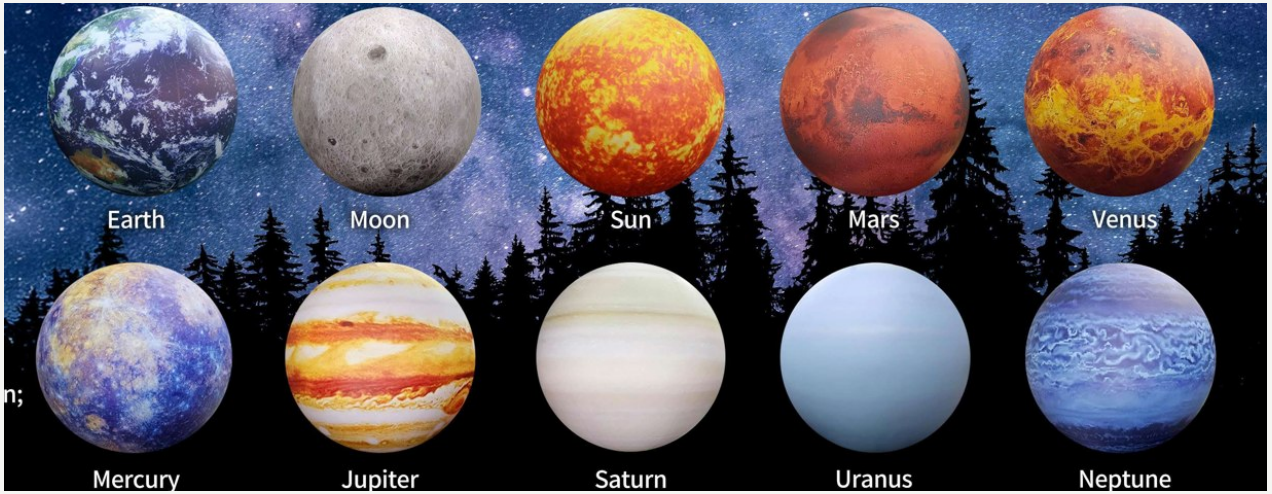

Design references. Final specifications, scope and suitability are confirmed in your quote.

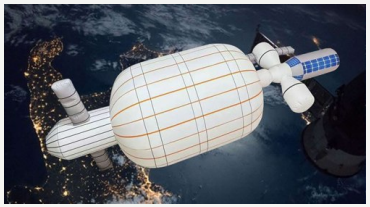

Space & planetary displays

Planets, astronauts, spacecraft and space-station forms for immersive theming. Dimensions, printed artwork and display arrangements are customised.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Giant sea creatures

Whales, sharks, turtles, tentacles and jellyfish create an undersea world. Choose individual focal pieces or a coordinated custom installation.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Education & anatomy displays

Large-format anatomical forms for exhibitions, learning environments and awareness campaigns. Artwork and educational content are reviewed as part of the project brief.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Animals, fruit & vegetables

Giant produce, farm animals and playful replicas for themed events, agricultural shows, retail campaigns and food-focused experiences.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Christmas displays

Create a complete festive scene with custom trees, baubles, characters, candy canes, arches and snow-globe forms. Mix scale and colour to suit your event or space.

Festive arches

Santa figures

Sleigh scenes

Christmas trees

Oversized baubles

Candy canes

Snowmen

Festive houses

Snow globes

Design references. Final specifications, scope and suitability are confirmed in your quote.

Halloween displays

Pumpkins, ghosts, creatures and themed entrance pieces for seasonal campaigns, entertainment precincts and event settings.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Hearts & romantic settings

Heart-shaped sculptures, arches and decorative features for celebrations and romantic event concepts. Colours, finishes, dimensions and display details are custom quoted.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Festival shapes & light features

Suspended shapes, large sculptural elements and illuminated display concepts for stages, festivals and brand experiences. Lighting, support and installation are defined for each design.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Branded replicas & structures

Custom product replicas, letters, arches, columns and inflatable pavilions. Supply your approved brand artwork and dimensions so the design can be developed around your brief.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Games & carnival concepts

Inflatable games, activity stations and carnival-style concepts can be developed for custom projects. Intended use, supervision and technical requirements are confirmed before ordering.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Event spaces & inflatable lounges

Explore inflatable event enclosures, outdoor-screen surrounds, bar concepts and lounge forms. Footprint, access, surface, power and venue conditions guide the final specification.

Design references. Final specifications, scope and suitability are confirmed in your quote.

Sports & event activations

Custom sports features, arches, tunnels, obstacle-course concepts and large promotional balls. Your event brief determines scale, branding, layout and intended use.

Obstacle courses

Inflatable courts

Landing air bags

Entrance tunnels

Start and finish arches

Promotional balls

Event tents

Target games

Covered spaces

Design references. Final specifications, scope and suitability are confirmed in your quote.

Designed for the whole setting.

An inflatable is one part of the event. The surrounding space, installation method and operating conditions need to be considered together.

01 Dimensions & layout

Provide the available width, depth and height, plus access restrictions and the desired position of each piece.

02 Air, power & support

Blowers or sealed-air construction, power needs, inflation access and any anchoring or suspension requirements are confirmed for the design.

03 Artwork & finish

Provide your colours, finish preferences and approved artwork. Branding, printing and design revisions are included only as specified in your quote.

04 Installation & use

Tell us whether the setting is indoor or outdoor and how guests will interact with the display. Venue conditions and operating requirements are assessed before confirmation.

Let's make something memorable.

Start with your idea. We will confirm what can be made, how it will be supplied and the project timeline before you commit.

INCLUDE IN YOUR BRIEF

01 Event date and location

02 Purchase or custom-made event setup

03 Preferred design and reference images

04 Required dimensions and quantities

05 Colours, finish and approved branding

06 Indoor/outdoor use and installation position

07 Delivery, setup and pack-down requirements

APPROXIMATELY 2 MONTHS

Allow approximately two months lead time. Final timing depends on the agreed design, approvals, production and transport, and is confirmed in your quote.

CUSTOM MADE, CUSTOM QUOTED

These custom products are made to order and are not offered as standard direct-hire stock. Purchase and keep the finished piece, or commission it for an Osmic event setup - confirmed individually.

Delivery, installation, operation and other event services are scoped and quoted separately unless expressly included.
